COLLEGE FOOTBALL WEEK 8 · 2026

# CFB Week 8 Matchup Report

Who is set up for a good game, and who is not, in all 49 games of Week 8, from Friday, Oct 23 through Saturday, Oct 24. After the game pages come two rankings across the whole slate: the best overall matchups and the players most likely to score a touchdown.

## HOW TO READ THIS

**Method.** Each player's per-game production is compared with how the opposing defense ranks against his position (backs, receivers, tight ends) and against the pass. Ranks are out of 138; #1 is the stingiest defense.

**Source.** Every number comes from the CFB dashboard (rhyman7.github.io/cfb), with stats through Week 7 and lines as of Oct 23. The report is built automatically after each data update.

**Lines.** 22 of the 49 games have a spread and total so far; the rest show No line yet, and their team points in the TD ranking are estimates (est.).

**No injury data.** Players who missed their team's last game are left out and named in the game read. Schedule strength is not adjusted for.
